Vince & Larry Visit the Health Center

Crash Dummies

Submitted by Mary Dorn
and Dawn Krines-Glatt

Did you have a chance to see the two "Crash Dummies" when they visited the Health Center on Thursday, February 11? In a kick off for National Child Passenger Safety Week February 13-10, the Oneida Safe Community Coalition had the "Vince and Larry Crash Dummies" visit various offices around Oneida.

On February 17, a car seat check was done. Given away at the car seat check were OPD gun locks to adults and color books, stickers, bookmarks, buckle-up pens to the children.

Concluding the week, on Friday, February 18, a free presentation was given at the Norbert Hill Center. Speaker Richard Malone, Medical Examiner, covered the importance of seat belt safety, motor vehicle crash dynamics, drunk and drugged driving.

By the way dressed up as Vince is Dawn Krines-Glatt, Health Promotions, and Larry was Char Kizior, Community Health Nurse.

Out And About

Submitted by Mary Dorn

On January 20, 2005 Cathy Francart, RN and Sonja Jensen, RN held a flu clinic in the Milwaukee SEOTS office. Community Health Nursing staff is looking to expand services to all enrolled Oneidas. We hope to plan another clinic at the beginning of the next flu season in Milwaukee as many Oneida people are unable to travel to Oneida for this service.

Offsite Access

GroupWise Offsite Access

Are there times when you wish you could access your GroupWise from home or some other place? When you are sick at home, you can still find out what's going on at work or in the Oneida community. If you are having surgery and are going to be off a long time, you can keep up on the news. If you are out of town, you can still have access to your GroupWise.

In order to get access offsite, follow these easy instructions.

1. Make sure you are online.
2. In your Address bar, type **webmail.oneidation.org**
(It is important that you do not add http:// or www. to this address)
3. At the prompt, type in your user name. This is your initial login at work. If you are eskenandore3, you would type in eskenandore3.
4. At the next prompt, type in your password. (You may have to use the original password when you **first** got your GroupWise at work.)
5. Once you are into your GroupWise, it may be a good idea to add this site to your "Favorites."

VoiceMail Offsite Access

Are there time you would like to access you Voicemail offsite? Well, you can do that, also, by following a few steps:

1. Dial 1-920-869-4999
2. Press the * key
3. At the ID prompt, enter your EXTENSION number.
4. At the next ID prompt, enter your password
5. Hit #

At this point, you should be in. Many times staff members call in at the switchboard to transfer them to their voice mail but why not just do it yourself.

Booking Conference Rooms

If you are put in charge of booking a conference room, here is what is available.

The **Main Conference** room can hold 32 to 45 people depending how the tables are set up. This room can be divided into to rooms which will comfortable sit 16 people.

The **Dental/Optical Conference** room can sit 12 to 15 people. It does get pretty crowded in there with 15 people though.

The **Administration Conference** room can only sit 6 to 8 people. We try to keep it to just 6 people because it is quite a small room.

To book any of this rooms, please email or call Pat ext. 4828, Maria at 4827, or Collette at 4861. Have the following information ready: **Name of room you are requesting, Name of the Meeting, Day of the Week, Date, Beginning and Ending Times.**

Per the Health Centers SOP: Any individual, group and /or departmental staff who reserves a conference room, fails to clean up and/or return the room furniture to its original set-up can be denied use of the conference rooms and subject to disciplinary actions (if warranted) per Oneida Personnel Policy, V.D.2.III., a.b.c. and d.
