NIHB TALC Update

EBCI PHHS Accreditation: The story so far

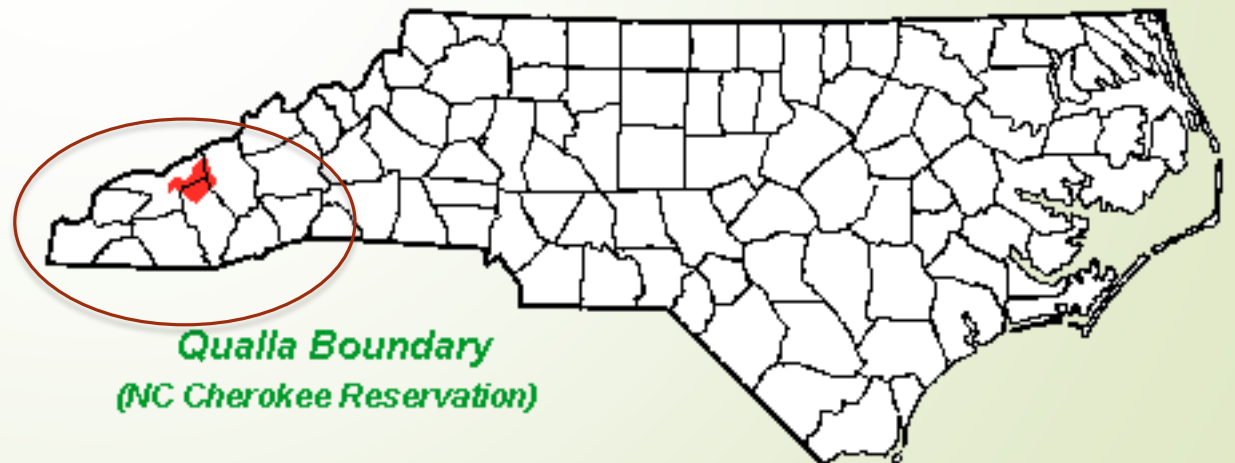

Eastern Band of Cherokee Indians

Public Health and Human Services Division

March 9, 2018

Martha Salyers, Accreditation Coordinator

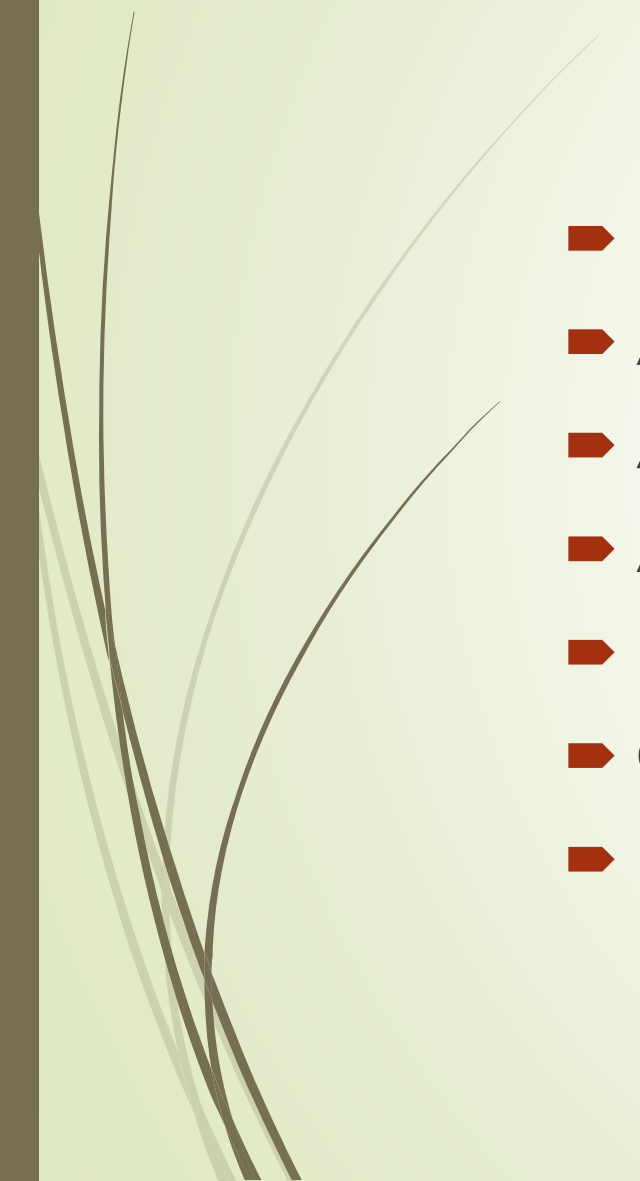

Eastern Band of Cherokee Indians

Qualla Boundary
(NC Cherokee Reservation)

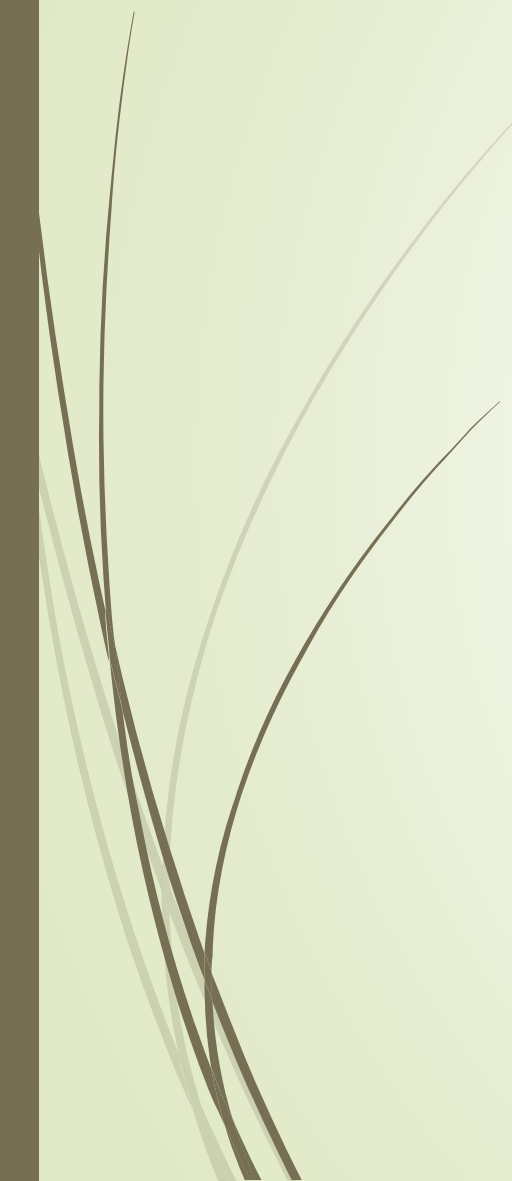

Eastern Band of Cherokee Indians

- 
- NC's only federally recognized Tribe
 - Approximately 16,400 enrolled members
 - Approximately 56,000 acres
 - Approximately 10,000 years of local and regional history
 - Economy: primarily gaming and tourism
 - Government: Executive, Legislative, Judicial branches
 - Independent hospital authority and school system

Eastern Band of Cherokee Indians Public Health and Human Services Division

- Health Delivery → Health and Medical → Public Health and Human Services
 - 289 staff
 - Full-spectrum human services since 2014
 - Includes long-term care facility, senior services, early childhood education, veteran services
 - Transition of PH from IHS clinically-based model
- 

PHHS and accreditation

- Began consideration in 2012
- Interrupted by implementation of Human Services Department, other staff and Tribal-level changes
- In place:
 - Part-time, contract Accreditation Coordinator (PHAB Site Visitor)
 - CDC Public Health Associate
 - Major partners: Cherokee Indian Hospital Authority (CIHA), USET Tribal Epidemiology Center (TEC), Western NC Health Network (WNCHN)

PHHS and accreditation: current status

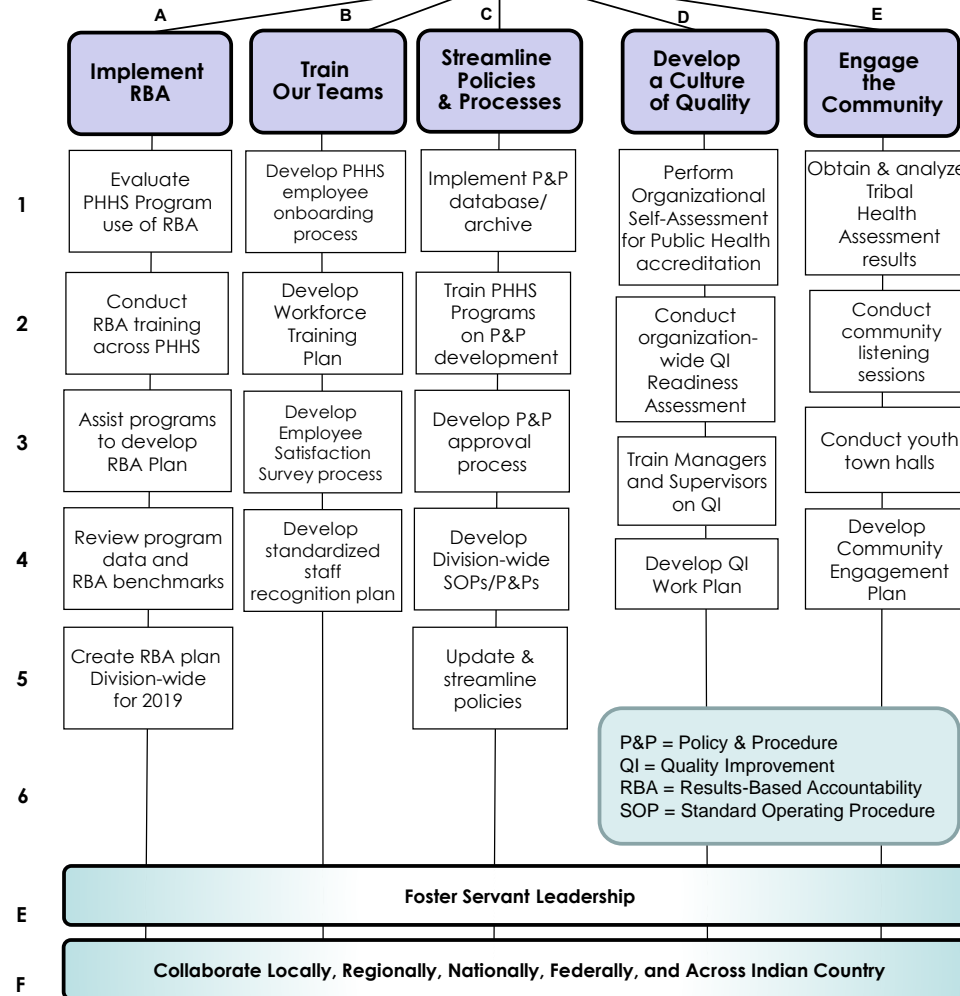

- Strategic Plan updated December 2017; in implementation phase with priority teams
- THA/THIP
 - First THA 2013; THA in process
 - First THIP 2015-17; will resume after THA released
- QI Plan: in draft; QI Coordinator in place
- AHEOP in place
- PM system: under construction
- Documentation collection
- When?... Within the next year

**Eastern Band of Cherokee Indians
Public Health and Human Services Division
Strategic Map: Jan. 2018-Sept. 2019**

Cultivate an integrated organization that fosters a culture of quality, nurtures a happy, health, proficient workforce and strives for community engagement and partnerships.

1/22/18

Highlight: THA 2018

➤ Major differences from 2013:

- Difficult to glean EBCI-specific health data → plethora of data (especially primary/ secondary quantitative)
- More efficient community health survey process
- Increased data on youth & elders (YRRS and DHHS elders surveys)
- Intended community products
